PREVALENT IN MANY COUNTRIES OF CONTINENTAL EUROPE.

PROGRESSING BUSINESS IN GERMAN CITIES—LEADING TO INFLAMMATION OF THE LUNGS.

AT VIENNA—THE SCHOOLS OF BRUSSELS CLOSED.

Paris, Dec. 24.—The epidemic reigns and rages. The conference of lawyers which was to have convened yesterday did not do so, because the majority of the speakers were ill. Reports from Berlin are to the effect that there is no abatement of the evil there. In Brunswick it has assumed a malignant type, and there have been many deaths. At Frankfurt it is increasing. The tramways there have ceased operations because the employees are all ill. Mannheim has been severely stricken. At Munich the cases increase, and the transportation of business is much interfered with. The theatres announce that the programmes of the play are not to be depended upon, as the illness of actors may make it necessary to change the names at any moment, or even to change the piece.

At Antwerp the disease is increasing, but it is diminishing among both the garrison and the people at Amsterdam. It has appeared at Dordrecht among the soldiers and sailors, and in the factories. It is serious in the barracks at Brussels, and half the carabinieri and grenadiers of the Corps des Guides are ill.

Vienna, Dec. 24.—A frequent sequel to cases of influenza here is an attack of inflammation of the lungs. A number of persons in the hospital, who had been suffering from influenza, were stricken with inflammation of the lungs, and several of them have died.

Influenza has made its appearance in a Jesuit school at Kalksburg, the pupils of which are the children of Conservative aristocrats. Sixty-eight of the scholars have been attacked by the disease. The authorities of St. Charles Hospital, Brussels, Dec. 24.—The influenza is rapidly spreading in this city. Thirty per cent of the children of the city are suffering from the disease, and the schools have been closed in consequence of the epidemic. The disease has spread in all the Government offices, and a number of officials are prostrated.

Madrid, Dec. 24.—Senor Sagasta, four other Ministers, the President of the Cortes, many members of the Cortes, and Miss Nevada and other artists, have the influenza.

SAN SALVADOR'S RECORDS DESTROYED.

Panama, Dec. 16.—The following details respecting the destruction of the palace at San Salvador are taken from the "Debates," of that city, of November 23: "At about 12 o'clock last night the bells rang out a few times. The National Palace was on fire, and from the four corners of this extensive edifice, which covered a block, flames were shooting upward. Within a few minutes the fire had reached the roof, and the palace had been converted into a mass of ruins. The cause is attributed to incendiaries, and the crime has caused the destruction of the old archives of the nation, the modern private registries, the decrees of the Legislatures and all the documents of the different Ministries. Everything of historic value has been perished, and the Tribunes, the Congress and the Executive have been deprived of the records of the Government. The Government has ordered that the records of the Government be collected on coffee, and that the proceeds of the sale shall be devoted to rebuilding the Government House."

A DENIAL FROM SIR CHARLES TUPPER.

Toronto, Dec. 24.—A cable dispatch to "The Globe" from the authorities of Sir Charles Tupper, the Minister of the Interior, has been received, in which he denies the statement in the "Globe" of December 23, that the Canadian Government was in the habit of paying a bounty on the capture of fish. Sir Charles Tupper, in the matter of the fisheries, would not be renewed by Canada, owing to President Harrison's failure to act.

Ottawa, Dec. 24 (Special).—Reports of the intentions of the Government respecting the modus vivendi, telegraphed to the American press, have led to inquiries here to-day. The position of the Dominion Government is that, if no fresh arrangement is arrived at between Great Britain and the United States, the modus vivendi lapses as a matter of fact, and there is nothing left but to fall back on the treaty of 1818. A member of the Government to-day that the question was not yet formally before the Cabinet, and that the modus vivendi was not yet formally before the Cabinet, and that the modus vivendi was not yet formally before the Cabinet.

SLAVIN THE CHAMPION OF ENGLAND.

London, Dec. 24.—At a meeting of the Police Club last night, it was resolved to send a letter to Frank P. Slavin, the Australian pugilist, who was assaulted by a Russian during his fight with Jim Smith yesterday, expressing admiration for his courage in fighting in the face of the ruffianism displayed at the rink-side. The club decided to recognize Slavin as champion of England, and to present him with a belt and a purse of £1,000.

Fleming, who acted as Smith's umpire, and who is a member of the club, was suspended from membership. Upon his arrival in London, Slavin was warmly welcomed by a large crowd. He visited the Stock Exchange yesterday, and the members subscribed £150 to him on the spot.

A BERLIN PAPER'S PRAISE OF STANLEY.

Berlin, Dec. 24.—The "Vossische Zeitung" has an interesting article on the German attitude toward Stanley, in which it says that if the German enthusiasts for colonial development should attempt to show him attacks upon England by assailing Stanley, they would prove themselves mean-spirited people in the lowest sense of the word. In the opinion of Stanley the people of Berlin should not show themselves to be influenced by any other feelings than those of admiration for his courage, his nobility and his self-sacrifice. Stanley is now in Africa at once as the guest of the Emperor and as the guest of the German people.

The effect was much obscured by clouds. All the apparatus in use worked perfectly. The photographs made on the Peninsula, which worked far out at sea, are likely to be particularly useful.

THE UNITY OF THE ROMAN CATHOLIC CHURCH.

Rome, Dec. 24.—The Pope received to-day the Cardinal of Cologne. In addressing them, the Pope said: "In these times, when the Church is united and persecuted because it is the great stronghold of faith and truth, it is a consolation to know that among the children of the Church themselves there is perfect unity." His Holiness announced that he would shortly issue an encyclical letter defining the duties of Catholics in this crisis.

PERUVIAN BONDHOLDERS TO BUILD A RAILWAY.  
Panama, Dec. 16.—The report which has been circulated that foreign holders of Peruvian bonds had presented a claim for \$4,000,000 against Chili, on account of the enormous receipts obtained by Chili from the Peruvian port of Tarapaca, has been denied by Lord Donoughmore, the representative of the Peruvian bondholders, who is in Peru. Lord Donoughmore is waiting there to receive the railways, and to be informed of the steps taken in London by the committee to cancel and deliver the foreign debt to Peru. Probably a month or more will elapse before the matter is settled.

A decree has been issued by the Peruvian Government for the construction of a railway by the bondholders from Cerro de Pasco to one of the navigable rivers of the north of the Amazon. The bondholders have accepted the contract, and are to be perpetual owners of the road, and to have a monopoly extending for twenty-five years. This is the most important addition to the original contract. The work is to be finished within ten years, but as no serious engineering difficulties are to be surmounted it will be finished probably in half that time.

THE CENTRAL AMERICAN FEDERATION.  
Panama, Dec. 16.—The "Bandera Nacional," of Guatemala, said on November 23: "The Government of Costa Rica has approved the pact of union which was signed in San Salvador on October 15 last. Much satisfaction has been expressed throughout Central America at the arrangement effected by the Government of San Salvador, under which it will pay to Italy \$450,000 in order to close the question which is known as the Sicilian claim. The work is to be finished within ten years, but as no serious engineering difficulties are to be surmounted it will be finished probably in half that time.

Lisbon, Dec. 24.—The "Diario" (official organ), in an article on the relations between Portugal and Great Britain in regard to African territory, declares that Portugal is justified, under Article 34 of the Congo treaty, in appealing to the Powers that signed that treaty against the British claims to the territory of the Makololo.

The official press is confident that an early agreement will be reached between England and Portugal in the South African controversy. Senor Gomes, Minister of Foreign Affairs, has made no proposition to submit the question to arbitration.

The company claimed that it issued no policies; it simply agreed to pay losses on broken plate-glass, on losses by employees, and for death and injuries from steam-boiler explosions. The State Auditor refused, holding the business of the company to be insurance, and as such could not do business in more than one branch in this State. A WELL-KNOWN HOTEL CLOSED.

SHUTTERS PUT UP ON THE PRIDE OF THE PEOPLE OF CANAJOHARIE.

Canajoharie, Dec. 24 (Special).—Senator Wagner's hotel here, built by him to perpetuate his memory at his home, was closed to-day by order of the guardian and mother of the minor owner, Mrs. Benjamin N. Dismore, of New-York City. Senator Wagner was killed in the Spanish Duvall disaster, January 13, 1882. By his will the Hotel Wagner, the Wagner Hillside Farm and the Wagner homestead, at Palestine Bridge, were all left to his only son, Norman L. Wagner, at one time superintendent of the Wagner Sleeping Car Company, and his heirs. Norman died suddenly in New-York City about three years ago, intestate.
